- There are no entry requirements for this qualification

Entry and Admission Requirements for International Students

- Australian International Institute of Technology requires that all students must be 18 years of age or over at the time of enrolment in this qualification and must provide evidence that they have obtained or completed one of the following:
  - Have obtained an IELTS band score of at least 6.0 - or equivalent; or 5.5 where the test score is combined with at least 10 weeks ELICOS or 5.0 where the test score is combined with at least 20 weeks ELICOS
  - Have obtained an PTE combined score of at least 51.6; or,
  - Have completed a Certificate IV, Diploma or Advanced Diploma Level Training Package course in Australia; or,
  - Have completed any Certificate III or Certificate IV in ESL or EAL from the ESL/EAL Framework (VIC); or
  - Have completed the ELICOS Course: General English - Intermediate Level
- Note - If an International overseas student is unable to provide any of the above evidence at the time of enrolment, they will be required to complete Australian International Institute of Technology's English Language Proficiency Assessment to ensure that they have the required English proficiency level for the course in which they want to enroll.
- Complete a Pre-Training Review (PTR) and a Language, Literacy and Numeracy (LL&N) Diagnostic so that Australian International Institute of Technology can determine whether the student needs additional LL&N support during their studies.
- Australian International Institute of Technology will determine any prior learning of each student with regard to their existing skills, knowledge and experience that that the student may have acquired through formal, non-formal and informal learning related to Units of Competency in this qualification in order to determine the amount of training Australian International Institute of Technology will provide to each student.
- If RPL or a Credit is granted, this will result in shorter course duration for this qualification. In addition, Australian International Institute of Technology before providing credit on the basis of a Testamur, Statement of Attainment (SoA) or Record of Results (RoR) that have been provided by a student, Australian International Institute of Technology will authenticate the information on these documents (e.g. by contacting the organisation that issued the document and confirming the content is valid).

Recognition of Prior Learning (RPL) - Credit Transfer Exemptions

Participants who have obtained competencies other than via qualification or attainment from other RTO's are given the opportunity, before commencing to obtain exemptions and credits for those units of competency.

Students who are seeking recognition of prior learning will be provided with the assessment tools for each unit.

Students will complete the assessment tasks and/or provide evidence that relates to the assessment tasks.

Units of Competency and Topics

27 Units of Competency must be completed with topics including Building and Construction, Business Operations, Building Sketches and Drawings, Contract Management, Financial Control, Environmental Management, Workplace Communication, Risk Management, Structural Principles, Site Survey's and Work health and safety https://aiit.edu.au/courses.php.

Assessment Methods

The program is classroom-based delivery **face to face** with trainer led training in classrooms, building and construction sites, warehouses, workshops, and computer labs consisting of direct observation, product-based methods, portfolios, questioning and third-party evidence.

Pathways

Potential employment options could include as a "*Builder, "General Foreperson" or "Building Inspector"*" in the building and construction industry.

Students who complete this course may wish to continue their education into the "*CPC60220 Advanced Diploma of Building and Construction (Management)".*

Additional Non-Tuition Course Materials Fees

Students will be required to purchase prescribed Text books and supporting training resources as listed in the individual course flyer. https://aiit.edu.au/courses.php.

Refunds and Fees Protection

Please refer to Australian International Institute of Technology Refund Policy and Procedure and the Tuition Fees Policy for further information; available online, in the Student Handbooks or at an Australian International Institute of Technology Campus.

Wellbeing, Safety and Security

If students are timetabled to attend classes after 6pm or on weekends, it is recommended for the student's own interest to travel to and from using transport in groups as they should not isolate themselves when travelling to and from Australian International Institute of Technology's Campuses.

Deferment, Suspension, Withdrawal, and Cancellation

For the complete policy and procedure, please request a copy at our City Campus Reception or visit our website https://www.aiit.edu.au/policies.php .

Student Support and Wellbeing Services

Australian International Institute of Technology offers a range of Student Support and Wellbeing Services that caters for the needs of all students, including wellbeing services, language literacy and numeracy support, career counselling, resume writing and IT Digital support (where identified, required and requested).

Application Process

Apply directly to admissions@aiit.edu.au, or through an Australian International Institute of Technology approved Education Agent https://www.aiit.edu.au/agents.php.
